

IBM Datacap 9.0.1 Configuration & Administration

**WF262G/ ZF262G (Instructor-led/Self-paced)
ERC 1.0**

About this document

This document contains information about issues that were encountered during deliveries of this course. These issues will be addressed in subsequent updates of the material.

You should review this document before the start of class, and use this list as the first point of reference if issues arise.

Student Notebook items

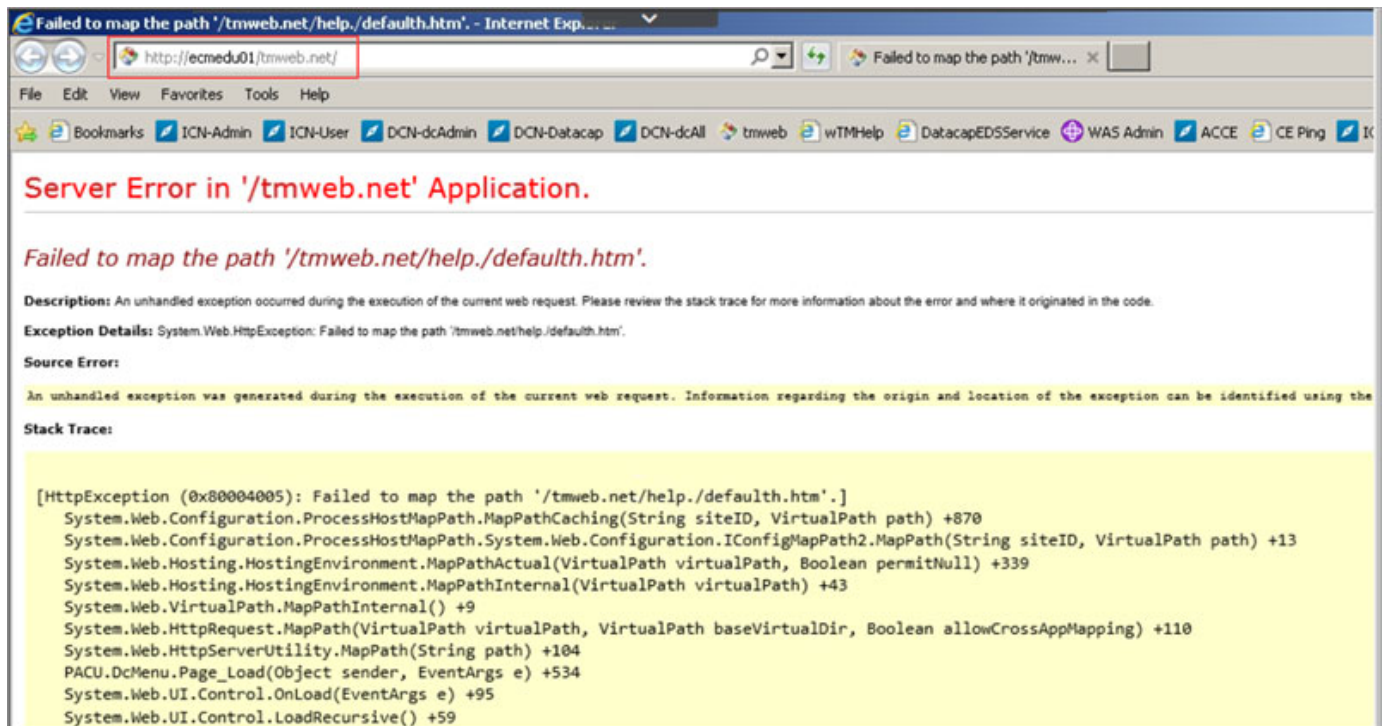

None reported.

Student Exercises guide items

For all Unit Exercises.

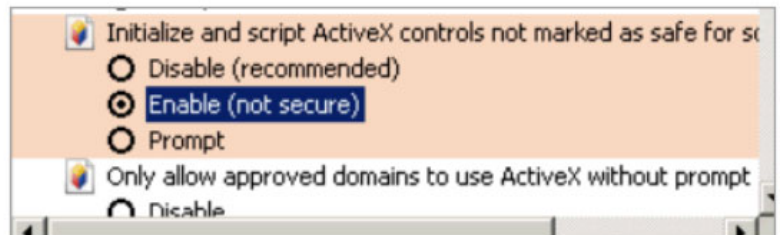

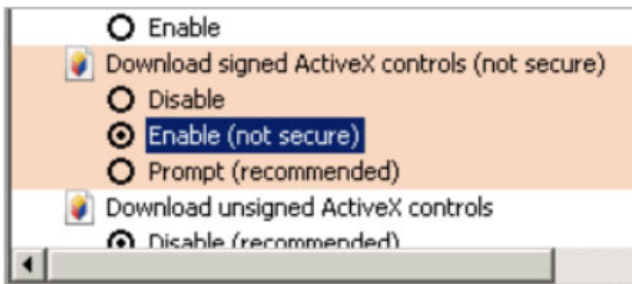

Issue

When you access the **tmweb** in **Internet Explorer**, you might encounter an error due to security changes.

Reason

It appears that that on the Internet Explorer browser, the ActiveX security settings that are required to run the tmweb are no longer accepted.

Resolution

Please use the **FireFox** browser when you need to access **tmweb**.

The following screen capture shows a sample display of tmweb in Firefox.

IBM Datacap Job Monitor - IBM Datacap

Home Operations **Monitor** Administrator
